June 2022

This Month's Meeting

Golf Social!
Vitense Golfand
5501 Schroeder Road
Wednesday, June 8
7:00pm

Hop Haus informed us that another very large group (over 200 people) will be there on Wednesday night and there may be delays with our orders if we meet. Because of this, we have decided to have a social outing this month instead of our usual meeting. Our June speaker has been rescheduled to later in the year.

Please join us for some mini golf at the #1 rated Vitense at **7:00** on Wednesday. The cost for 18 holes is \$11 per adult, \$10 per senior (60 & over), and \$9 per junior (ages 5-12). After golf we will enjoy some beverages at The Signature Hole Grill & Bar at Vitense. Hope you can join us!

Thank you!

Thank you to everyone who participated in this year's clean up dives. We found lawn chairs, solo cups, a bike, anchors, and a picnic table, among other things. Many people walking by stopped to ask about what we were doing and thank us for our efforts. Please know that many people appreciate your help in keeping the lakes clean.

Please let the board know if you're interested in organizing more dives. Here are some pictures from the month:

In the News

Swimmingly Clean

Dane County invested in a system to create a Clean Beach Corridor for swimming at Warner Park, with another planned in the future at Tenney Park. A section of beach is being constantly filtered to keep it swimmable all summer. Existing Clean Beach Corridors include Mendota and Goodland County Parks. ([Channel 3000](#))

How A'Boat That!

Spotted on [Tamara Thomsen's Facebook page](#): more dugout canoes have been found! I'm sure more news will be coming once they're dated.

For an update on the canoe that Tami shared on a couple months ago, it recently underwent a [3D scan](#) as it continues its multi-year preservation process.

25,000 Pounds of Trash Removed from Lake Tahoe

Divers spent over a year picking up trash in Lake Tahoe. Read about the massive effort. ([Chron.com](#))

Good news: Redgranite Quarry Re-Opens!

Randy found a flyer with an announcement that Redgranite Quarry is open to swimmers and divers again and the [Village of Redgranite website](#) seems to say the same. Stay tuned for plans of a club dive!
