This Month's Meeting

Wednesday, October 12, 7:30 PM

Hop Haus (Fitchburg Location) - 2975 Sub-Zero Parkway,
Fitchburg, WI 53719

Shark Trivia!

This month we are celebrating sharks! There will be shark trivia, so come by to test your knowledge. Please also feel free to bring any shark footage you would like to share with the group. You de-fin-ite-ly won't want to miss it!

Thank you to everyone who came out for the **Yahara River** clean up dive on Sunday. We had a great turnout with divers, canoers, and shore support. Altogether, we brought up a canoe-full of trash. It was beautiful weather and the water was relatively warm.

In The News

Canoe Number Two

Tamara Thomsen and the Wisconsin Historical Society recently brought up a second canoe from the Shorewood Hills area, this one dating back over 3,000 years! This will give further insight into the lives of those who lived in the area long ago. This story has made the news all around the world! [[The Guardian](#)]

eDNA Use in Shipwreck Research

Scientists are using so-called environmental DNA (eDNA) found in the water and sediment samples to identify those who died on shipwrecks in Lake Huron, near Alpena, MI. The research is also collecting samples off Palermo, Italy and Saipan in hopes of identifying MIA service members from World War II. [[Wall Street Journal](#)]

Phoenix Party Recap

The Phoenix Party was last Saturday. It was a clear, cool fall evening with a bright full moon. As always, we enjoyed some food and beverages before we roasted anchors. Thank you to Danny and Betsy for hosting and sharing their lovely gardens with us again. If you weren't able to make it, here are a few photos from the night.
